The Three Millennium Development Goal Fund

Presentation

16 December 2014

3MDG is a pooled fund in Myanmar supported by Australia, Denmark, the European Union, Sweden, Switzerland, the United Kingdom and the United States of America, managed by the United Nations Office for Project Services.
The *Three Millennium Development Goal Fund* provides joint donor support, partnering with the MoH to address the basic health needs of the most vulnerable people in Myanmar, encompassing maternal, newborn and child health services, HIV, TB and malaria prevention and control activities and health system strengthening.
3MDG in Myanmar Health Sector

Governance and stewardship of the Health sector

DONORS

3MDG PARTNERS

Central State/Region Township

UN agencies

International Local NGOs / CSOs
Three Components of the Fund

Component 1
Maternal, Newborn and Child Health
Increased availability and accessibility of essential services focusing on maternal, newborn and child health.

Component 2
HIV, TB and Malaria
Flexible and strategic support for HIV, TB and malaria interventions for populations and geographical areas that are not supported by the Global Fund.

Component 3
Health System Strengthening
Complementary health systems strengthening to support long-term sustainability.

3MDG in support of UHC strategic directions (2/3)

**PUBLIC PRIVATE PARTNERSHIP**

- Strengthening Public-Private-Mix for TB, malaria and MNCH
- Financing to University of California San Francisco (UCSF) to conduct analytical work around potential engagements with the private health sector

**RISK POOLING**

- Financing World Bank to support MoH in developing a health financing strategy through activities including: OOPE study, identifying the poor, options for provider payment

**COMMUNITY ENGAGEMENT**

- 3MDG has offered support to the MOH to strengthen strategies focusing on ‘Consumer Satisfaction’ through technical assistance in strengthening strategies for community engagement in health programs, as well as gathering and presenting international evidence on health sector good practice e.g. consumer satisfaction, community feedback mechanisms, participatory health planning.
- Financing for MoH to provide additional training of AMWs nationwide
- MNCH continuum of care with community-based programming
Ministry of Health in collaboration with Asia Pacific Observatory producing the Myanmar’s first Health in Transition (HiT) report

Financing for UNJPHSS to strengthen the national Health Management Information System

Financing for the World Bank to support the MoH in formulating a health financing strategy for UHC

Financing for UNJPHSS to support MoH across policy areas of HRH, essential medicines, HMIS, and essential health package

Financing for Jhpiego to conduct analysis of current policies for midwifery

Scholarships for MoH

Financing for UNJPHSS to support MoH in policy development, planning, and stewardship

Financing for the World Bank to conduct Flagship courses for Ministries, States, NGOs; to train on health equity analysis; to conduct south-south learning
