EVERYONE PARTICIPATING HEALTH SYSTEM IN PINDAYA

Dr. Than Min Htut
Township Medical Officer
Pindaya

BACKGROUND HISTORY
(1) PROBLEMS OF PINDAYA TOWNSHIP AT 2011

- Service Utilization – low
- Human Resources – Limited
- Limitation of supply and logistic management
- Community participation – poor
CAUSES OF THE PROBLEMS

- Service Utilization (management, leadership, communication skills)
- Human Resources (limited doctors, MWs have to cover 15-21 villages)
- Limitation of supply and logistic management (Budget constraints)
- Community Participations (leadership, lack of community motivation activity)

1. Solving the problem of service utilization
In the rainy season, the roads are slippery with mud. The immunization Team climb down from the village with difficulty.

THE ROAD TO MAE NAE MOUNTAIN (6000 FEET HIGH ABOVE THE SEA LEVEL)
A MOBILE TEAM IN THE JUNGLE (PINDAYA)

During 4 years, Pindaya Township Health Department made 161 touring to reach every village. This is one of the trip in the Jungle.

THE ROADS ARE ROUGH AND TOUGH, THERE IS ONLY THING WE HAVE, THAT IS “LOVE”.
